

UF Water Institute
Faculty Advisory Committee Meeting Minutes
March 4, 2010, Thursday, 11:30 – 1:00
283 Reitz Union

Informal meeting with Professor Jim Shortle, March Smallwood Lecturer, and state agency personnel. No formal FAC agenda. Dr. Shortle is the lead author of Pennsylvania Climate Impact Assessment completed in 2009 (<http://enri.cas.psu.edu/announcements/ciar.pdf>), and he also contributed to the regional climate change impact assessment (Consortium for Atlantic Regional Assessment, 2000 - 2006, <http://www.cara.psu.edu/about/>). His research focuses on two main areas: policy design to control agricultural water pollution, and the economic impacts of climate change.

Attended by: Muñoz_Carpena, Borisova, Annable, Graham, Staal
