THE ICHETUCKNEE PARTNERSHIP  
MINUTES OF THE  
EXECUTIVE COMMITTEE MEETING

9:00 a.m., Thursday  
May 22, 2008

City Council Chambers  
Lake City, FL

Members of the Executive Committee present:

Georgia Jones, Chair, Chamber of Commerce

Scott Reynolds, City Manager

John Wheeler, Lake City Rotary

David Still, Exec. Director, Suwannee River Water Management District

Dr. Larry Arrington, UF IFAS/Suwannee River Partnership (Chair)

Members of the Executive Committee absent:

Dale Williams, County Administrator

Staff present:

Jim Poole, Chamber of Commerce

Gina Reynolds, Chamber of Commerce

Kirk Webster, Suwannee River Water Management District

Cindy Johnson, Ichetucknee Partnership Coordinator

Darrell Smith, Suwannee River Partnership Coordinator

Meeting began at 9 a.m. Roll was called and minutes from last meeting were approved.

Discussion – and in some cases committee recommendations – occurred for the following agenda items:

**Public Noticing of TIP Meetings**

It was agreed by consensus that advance notice of Executive Committee meetings would appear in the Florida Administrative Weekly, Lake City Reporter, Lake City Journal (online), on partner websites, and on the county library's calendar (local cable).

**Education and Outreach**

TIP Coordinator presented an overview of proposed education and outreach activities, and a progress report on activities already underway.

- Development has begun on TIP mascot (beaver, to be named Bellamy); TIP logo; website, and radio PSAs. Committee agreed that creation of radio PSAs should be a priority, with water conservation as first topic. Committee suggested spending \$1,500 for initial 3-month run of PSAs. Dr. Arrington suggested possible use of IFAS' *Gardening-in-a-Minute* pre-recorded PSAs. TIP coordinator will check with IFAS.

- John Wheeler proposed seeking trademark certification for use of the term “Ichetucknee Friendly” to be used on products and services that help promote the health of the river and springs. TIP coordinator will investigate costs and process associated with trademarking.

### **Florida Yards and Neighborhoods**

TIP coordinator presented a monthly FYN activity report on behalf of FYN coordinator Carolyn Saft.

### **Subcommittee Reports**

Chairs presented names of members for the following TIP subcommittees:

#### **Outreach and Education (John Wheeler):**

Loye Barnard, Harvey Campbell, Martha Ann Ronsonet, Lee Ann Hires, Mark Lander, Duffy Soto, Cindy Higgins, Brad Dicks

#### **Research & Monitoring (Kirk Webster):**

Carlos Herd (SRWMD), Robbie McKinney (SRWMD), Brian Katz (USGS), Eberhard Roeder, George Hochmuth (IFAS), Mark Lander (DOH), Matt Cohen, Mustapha Kane (DEP-Jax), Pat O'Connor (DEP-Jax), Rick Copeland

#### **Best Management Practices (Darrell Smith):**

Hugh Thomas (SRP), Carolyn Saft (FYN), Todd Martin (FFB - Area Field Rep.), Bill Thomas (IFAS - Columbia Co.), Tom Obreza (IFAS - State BMP Specialist), Frank Ellis (NRCS), Judy Morelan (Columbia Co. Master Gardner), Greg Bailey (Bailey, Bishop, Lane), Travis Dicks (Columbia Co. Farmer)

Subcommittee meetings will be scheduled throughout the months of June and July.

### **Other discussion**

Members discussed the need to develop a brief, clear, and concise message that conveys the mission and purpose of TIP. They also agreed on the need to help develop language for a springs protection bill for placement on the Florida Legislature's 2008-09 calendar.

### **Calendar**

Executive Committee set the following schedule for 2008. Meetings will begin at 9:00 a.m. at City Hall Council Chambers:

Thursday, July 24

Thursday, August 28

Thursday, September 25

Thursday, October 23

Meeting adjourned.

## MEMORANDUM

DATE: July 22, 2008  
TO: TIP Executive Committee Members  
FROM: Cindy Johnson, TIP Coordinator  
THROUGH: Georgia Jones, TIP Chair  
RE: TIP Action Plan and Budget

This Draft Action Plan for The Ichetucknee Partnership is the result of work performed by the three committees created by the Executive Committee within the framework of the TIP Memorandum of Agreement. Those committees are Research and Monitoring, Education and Outreach, and Best Management Practices. (A list of committee chairs and participants follows.) Due to scheduling difficulties, input from some participants was acquired on a one-on-one basis.

The committee recommendations presented in this draft action plan were reached by consensus, or the "collective agreement" of each group, although some opinions may vary among individuals.

The TIP coordinator and the committee chairs were present at all of the committee meetings and have attempted to reflect the opinions of the groups in this draft plan. However, the plan is a living document and the committee chairs have added some items that were not discussed at the committee meetings.

Staff has attempted to keep the format of the plan as simple as possible. Verbiage is minimal. At a TIP meeting scheduled on July 24, committee chairs will explain each item in the plan and respond to questions from the Executive Committee.

Although this is a draft plan, staff requests that the Executive Committee consider authorizing expenditures for several items immediately. These are listed as "priority items" in the plan's expenditures summary.

The budget reflects proposed expenditures from the "TIP Fund" which is based on the pledge of the Suwannee River Water Management District of \$750,000 over a three-year period. The District has budgeted \$450,000 in support of TIP for FY 2008-09. Potential specific funding sources from other agencies also are shown. It is anticipated that many activities can be accomplished within existing, general agency budgets.

## TIP Coordinator Activity Report July 28, 2008

- **Committee Meetings** – Meetings of all three committees were held and were well attended. Committee recommendations are reflected in the Action Plan and Budget.
- **Meeting Notices** – Notice of the July 24 Executive Committee meeting was published in the Florida Administrative Weekly (FAW). The meeting notice was also submitted for publication to the *Lake City Reporter*, *Lake City Journal* and the Columbia County Library Community Calendar (cable). Future meetings will be publicized likewise.
- **Mascot** – Graphic artist is completing revisions to mascot illustrations. Final drafts should be ready for Exec. Comm. consideration at August meeting.
- **Website** – TIP website is being designed, produced and hosted in-house by the SRWMD, at least for the first year, resulting in a substantial cost savings to TIP. The only startup costs will be for purchase and registration of domain names, and for web hosting, for a total cost of approximately \$200. TIP has purchased the domain names *ichetuckneeforever* and *ichetuckneefriendly*, with the .com, .org and .net extensions. Work is underway on page design, navigation, written text, photo placement, links, a resource library, and other content. Projected launch date is mid-August.
- **Radio PSAs** – Production of TIP's first 30-second public service announcement is underway and should be completed by mid-August. The first PSA will introduce the public to TIP, creating awareness and name recognition. TIP coordinator is negotiating purchase of air time with local stations for the initial PSA as well as future 30-second spots. TIP coordinator has drafted additional PSAs with messages about water conservation and proper use of fertilizer, and will pursue several possible options for production assistance.
- **Low-Impact Development Workshop** for local governments, builders, realtors, and others in Columbia County is being organized for early 2009.
- **Speakers Bureau** – General information PowerPoint presentation is being revised to reflect TIP's new Action Plan and Budget. TIP coordinator will schedule monthly presentations to civic organizations and other groups.
- **Brochures** – TIP is working with Florida Yards and Neighborhoods to revise a Florida-Friendly Landscape brochure for distribution within the Ichetucknee springshed.
