

Alachua Scroll

Design Studio 5 - Fall 2019

Professor: Nina Hofer

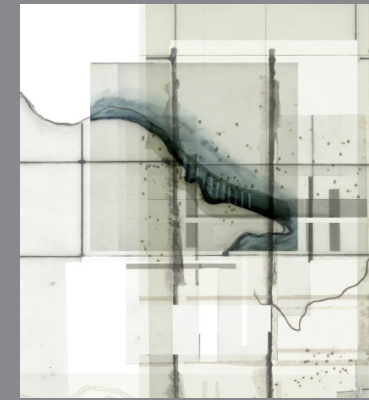

ABSTRACT SITE SKETCHES

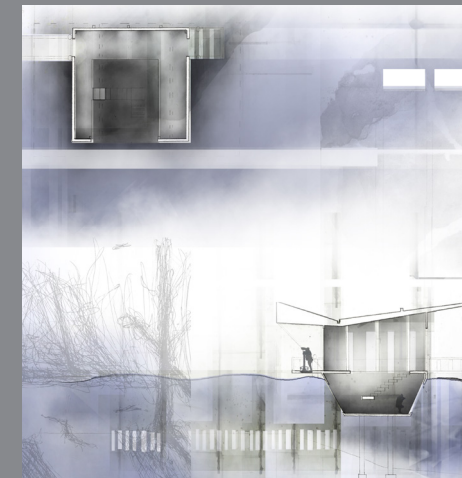

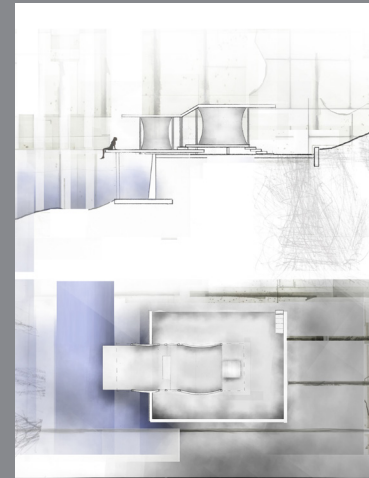

WATERCOLOR "AIR" DRAWING

The Alachua Scroll explores the many characteristics that comes with the city and parks within. O'Leno State Park is a state park that connects with River-rise park. The Santa Fe River runs through and sinks into the ground and rises up again. The diagrams to the right are different moments I captured while exploring possible interventions that occupy the park.
